## Few Inspiring Quotes by Prof. M. S. Swaminathan:

- "The Earth belongs to all living creatures, not just humans."
- "We must protect and preserve our natural resources for future generations."
- "Education is the key to empowering individuals and communities."
- "Technology should be used in harmony with nature, not against it."
- "Agriculture is the backbone of our society and needs to be sustainable."
- "We must embrace diversity and celebrate cultural heritage."
- "Healthy soils are the foundation of a sustainable food system."
- "Investing in rural development is investing in the future."
- "The first step in the agricultural revolution is to increase farm productivity. The second step is to add value to the primary produce on the farm itself. The third step is to ensure that farmers get a better share of the consumer's rupee."
- "Farmers are the only indispensable people on the face of the earth."

## TOP AGRI-BUSINESS MANAGEMENT B-SCHOOLS IN INDIA

AGRI-B SCHOOL SURVEY 2021  
BY CONCEPT AGROTECH CONSULTANTS LIMITED

### Survey Objective

The pandemic has again proven the mettle of India's Food and Agribusiness Management Sector. The sector is emerging as the backbone of the nation with GDP contribution to the tune of 19pc, which is higher than the previous years. In order to achieve sustainable growth in the sector, a pool of qualified agribusiness professionals is needed every year to introduce approaches and reach the last mile users. Hence the role of agri-business management institutions, which generate qualified agri-business professionals in India.

### Survey Sample Size

CACL conducted the survey in Feb-March 2021. The survey team connected with more than 200 industry professionals, industry bodies and more than 1000 students from agriculture and allied streams to understand the performance of agribusiness management institutions in India.

### Primary Desk Research

In this research module, industry professionals and students were approached directly to get feedback regarding agri-business management institutions. The following methods were used to collect primary data: e-questionnaire, expert interviews and

The purpose of the survey was to understand the gap between top and bottom ranking agribusiness institutions, study the tools and techniques used by Agri-B schools for better performance, categorize the various aspects of perception and align them as per weightage.

telephonic survey. The institutions were ranked on the basis of Inside Campus Offering and Outside Campus Offering.

Inside Campus Offering included infrastructure & facilities offered, facilities with corporate backgrounds, industry-oriented curriculum, innovation in pedagogy, fee structure, admission selection process, and sports and fitness amenities. The Outside Campus Offering included global exposure events, student exchange program, extracurricular and co-curricular activities, industry interaction and webinars, relevant placement tie-ups and scholarship support for needy students.

The secondary research module was followed and Perception Survey was also conducted. In the Perception Survey, a conscious attempt was made by CACL to understand the attitude towards agribusiness management institutions in India. The purpose of the survey was to understand the gap between top and bottom ranking agribusiness institutions, study the tools and techniques used by agri-b schools for better performance, categorize the various aspects of perception and align them as per weightage.

# CHAIRMAN'S MESSAGE

Agriculture plays a vital role in India's economy. More than 50% of the households depend on agriculture as their principal means of livelihood. Agriculture, along with horticulture, dairy, poultry, fisheries and forestry, is the key contributor to the national GDP and holds critical importance for economic growth and national security.

It is imperative therefore that the management of farm economy is done for achieving the multiple tasks the sector is expected to perform. I am delighted that you are considering Imperial School of Agri Business as a means to fulfill your role in the nation building process through its outstanding agribusiness management program.

Today is an era of precision farming, disruptive technologies such as e-commerce and digital agriculture. In this era of challenging market and technological environment, learning of advanced management concepts becomes a critical success factor. ISAB through its unique program, industry partnerships and innovative approaches is delivering the value, helping graduates of agriculture and allied sciences to pursue agribusiness education and be part of the exciting opportunities that the agribusiness sector has thrown open. ISAB stands for commitment to excellence, and a spirit of creative independence.

I am sure you will find ISAB to be an institution in its prime vigorous, vocal, and worthy of the acclaim it has already earned in the food and agri industry as well as in the academia. To introduce you to ISAB, is to acquaint you with a group of people who are dedicated to the pursuit of excellence.

World's population is expected to grow to almost 10 billion by 2050 demanding Innovative Food Processing techniques and agriculture production. Decline in the share of agriculture in total production and organized employment is taking place at different speeds and poses different challenges across regions. In a country like India, food processing and agricultural sector plays a vital role in constructing and supporting the GDP. The country which depends on agriculture, needs to have a dynamic and innovative skilled manpower.

The object of imparting education, combined with creation, dissemination and application of knowledge, is of utmost importance to create a synergetic impact. ISAB aims at creating a pool of qualified man power who can think and act innovatively, focuses on justifying the need to bridge the gap between trained and skilled manpower in the agriculture and food processing domain.

ISAB have embarked upon to open a center of excellence in collaboration with the institutions of Israel and Malaysia to focus on innovative education. Global Collaboration has been drafted with various educational institutions in the US, Australia, China and Malaysia to enable a global partnership in terms of student exchange program and academic research. Moreover, ISAB has an exclusive tie-up with [agripositions.com](http://agripositions.com) that assures full placement support.

ISAB has achieved recognition in the field of academic and discipline with the help of expert faculty members from IITs, IIM Ahmedabad & XLRI alumni network with core corporate and policy level experience. ISAB, takes pride in developing the over-all character of its students by providing access to live projects and extra-curricular activities. Weekly guest sessions, monthly seminars and quarterly live projects is inculcated in the system for better learning prospects. The diversity of options in ISAB's curriculum is complemented by a breadth of activities outside the classroom where every student finds ample of opportunities to participate in and contribute.

ISAB is an innovation driven institute that realizes the thin difference between managers and quality managers required for the betterment of the society. From the day of its inception, ISAB nurtured a dream to become a leading management institute with a global vision. In keeping with the mission of the institute, the programme is especially structured to meet learning aspirations of enthusiastic and bright executives, and hopes to inculcate strong conceptual fundamentals and skills required to manage businesses of the future.

We firmly believe that it is the responsibility of the institute to not only educate students but also create a long-term career prospect and help them to build a satisfactory life for themselves.

# SUMMER INTERNSHIP & CERTIFICATIONS OF MBA – FABM 2022-24 BATCH

## SUMMER INTERNSHIP

Summer internships offer MBA students a chance to bridge the gap between academic knowledge and practical application, helping them build their careers and make informed decisions about their professional future. Students embark on a two - three weeks summer internship program, exploring diverse sectors such as Agri Input, Consultancy, Dairy, FMCG, Procurement, Poultry & Animal Husbandry, Agri Tech, Social Sector, Micro Finance & Rural Banking, Farm Equipments, Rural Marketing, Supply Chain, E- Commerce etc., while gaining experience in various domains, including marketing and sales.

## CERTIFICATIONS

Certifications are integral in learning the new technologies, skills and abilities which are required in the industry. Earning a new certification or an advanced certification in a particular area of expertise can help in advancing one's career. Students at ISAB have attained certifications in Digital Marketing, Data Analytics, Supply Chain Management, Operations Management, Procurement and various other sectors.

"Wanting to be someone else is a waste of the person you are." — Kurt Cobain

I'm grateful to ISAB for letting me acknowledge my potential and leading me to this point in time. My decision to get my MBA at ISAB truly altered my life. My success in the corporates is the reflection of the responsibilities I managed at ISAB. Thank you ISAB for constantly inspiring me and giving me an opportunity to complete my summer internship at Mother Dairy and getting final placement at QQRI.

Looking forward, I must thank my faculties and guest speakers who helped me prepare for the industry to solve and address real-time problems with their teachings and experience sharing in the most efficient way. Today I got my international placement in the Export Trading Group as a Management Trainee working in Mozambique, East Africa.

To pursue MBA-FABM from Imperial School of Agribusiness was the best decision I have ever made. The helpful nature of all the staffs and their willingness to always offer a helping hand makes everyone feel a part of the Imperial Family. I have witnessed our skill and competence rising to a zenith. The learner centric environment crafted here not only trained us in the academic curriculum but also motivated us. Got opportunity to lead Academics and Administrative Club - ISAB and to work with Mother Dairy as an summer intern and finally to get placed at Adani Wilmar. I feel proud to be a part of being Alumni of Imperial School of Agri-Business.

I'm deeply grateful to ISAB College for shaping my career. Its hands-on approach and industry connections provided a transformative education. The emphasis on practical skills, coupled with exposure to experts, prepared me for real-world success. ISAB's up-to-date curriculum bridged academia and the professional world. My tenure as the leader of the Alumni Cell, my summer internship at Vegrow, and ultimately, my placement as a Product Manager at Peepul Agri were all made possible through ISAB's unwavering support. Thanks to ISAB, I value practical proficiency and industry insights, which will guide my future success.

## SUMMER INTERNSHIP EXPERIENCES OF 2022-24 BATCH

My internship at Coromandel International Ltd. was a turning point. I delved into rural communities, connecting with local farmers to grasp their requirements. This hands-on experience influenced the development of strategies. I evaluated data and studied the competition, ensuring solutions aligned with the agribusiness environment. The internship expanded my perspective, emphasizing the power of technology in agriculture. I appreciate Coromandel International Ltd. for this chance, enhancing my academic path and propelling my career in the technology-agriculture nexus.

**Kondra Akhila**

**Josh Hemanth**

My internship at Vegrow was a rewarding experience that not only enhanced my professional skills but also deepened my passion for sustainable agriculture and responsible procurement practices. I am grateful for the opportunity to have been a part of the Vegrow team and look forward to applying what I've learned in my future endeavors.

My internship at Crystal Crop Protection Limited in the Seeds Division was a remarkable experience. I led the 'Damaka Pay Damaka' campaign in Dausa District, Rajasthan, with a dynamic 10-member team. Our goal was to promote demand for Crystal Crop Protection Pearl Millet by engaging with farmers door-to-door in 5-6 villages daily. This hands-on experience provided deep insights into farmers' challenges, and I'm proud to say our campaign achieved outstanding results. It was a valuable learning opportunity, allowing me to make a meaningful impact and refine my skills in the field.

**Aditya Kumar Suman**

**Veena Kumari**

My summer internship at Haldiram Snacks Pvt Ltd, a prestigious FMCG firm, marked a significant start in my corporate journey. It provided invaluable insights into supply chain operations, particularly through exposure to Field Assist Application Software and Distributor Management System (DMS). This experience sharpened my problem-solving skills and deepened my grasp of client relationship management. Field visits to various distributors were a standout, allowing me to apply my skills directly and gain real-world perspective on distribution network challenges. I'm grateful for this opportunity and the knowledge gained, which will shape my future professional path.

National Food and Agribusiness Conclave 2023

Imperial School of Agri-Business (ISAB) has launched nationwide conclave called "Sambhramaa" - National Food and Agribusiness Conclave 2023 to provide a platform for undergraduate and postgraduate students from Agriculture and allied streams in order to showcase their talent in a competitive environment. We are happy to introduce these initiatives for UG and PG students for their personality enhancement and better career options as mentioned below.

Here UG and PG pursuing and passed out students of Agriculture and allied streams can participate in various form of group events including, Case Study Competition, Agri Startup Competition, Music Band Competition, Drama Competition, Inter College Cricket Tournament, Debate Competition and Folk Dance and can get opportunities to interact with the students from other colleges throughout India on various fronts. This event may trigger the sense of competitiveness among undergraduates which eventually help them in building and exploring good career options.

ISAB hosts the thrilling "**Dwandh**" Agribusiness Premier League during the Sambhramaa celebration. It brings together cricket fans for exciting matches. By demonstrating their cricketing competency, Dwandh hopes to foster collaboration and friendly competition within the agriculture students community.

ISAB hosts "**Prarambham**", An agri Start-up Competition, in the Sambhramaa event, promoting innovative agricultural solutions and entrepreneurship. The event attracts investors and industry professionals, fostering future agricultural leaders.

"**Prastuti**" - A Remarkable Debate Competition organized by the Literary and Media Cell-ISAB under the prestigious flagship of SAMBHRAMAA 2022. Prastuti promises to be an exhilarating platform where participants engage in stimulating discussions, share diverse perspectives, and sharpen their debating skills.

National Food and Agribusiness Conclave 2023

ISAB hosts the "**Taranggeet**", a musical competition for melodic and harmonies bands, during the Sambhramaa celebration, showcasing inventive musical skills and engaging audiences.

An exciting part of Sambhramaa, by ISAB, is "**Riwayat**", a mesmerizing cultural spectacle. By displaying ancient art forms, music, dance, and cuisine, it skillfully weaves together the rich tapestry of India's diverse traditions.

**Nautankiye** is a street play competition hosted by the ISAB, that highlights inventive storytelling and tackles contemporary challenges. It adds a dynamic element to the Sambhramaa event, engaging participants and spectators in meaningful discussions.

In Sambhramaa event, ISAB sponsors the valued "**Vishleshan**" - A case study competition. It gives potential agribusiness executives a stage on which to demonstrate their aptitude for analysis and problem-solving. Participants are challenged with developing original solutions to problems in real-world agriculture sector
